

ALK Pharmacy Network: Specialized support for SLIT-tablet prescriptions

A range of benefits for your patients
and practice

Enhanced patient experience

- Personalized communications on prescription status and refill reminders
- Automatic application of maximum savings offerings
- Educational resources, including seasonal/regional allergy information

Enhanced prior authorization (PA) support

- Specialized staff trained for ALK products
- Works directly with your office to facilitate PAs

Enhanced fulfillment

- Expedited processing and direct-to-patient shipping
- Option to add other prescriptions or over-the-counter medications to shipment

SLIT=sublingual immunotherapy.

If patients prefer to use a different pharmacy, they can still save using the ALK Savings Program

The ALK Savings Program offers savings to commercially insured patients, regardless of prescription coverage.* Patients should contact their health insurance companies to discuss all pharmacy fulfillment options.

**Refer your patients to ALKSavings.com for more information
and to see Terms and Conditions**

*Some prescription benefit plans require you to submit a PA before covering a therapy.
